

REMOTE AREAS ENERGY SUPPLIES (RAES) FEES AND CHARGES

Service	Application/Comments	Charge (incl GST)
Electricity Supply and Consumption	The South Australian government subsidises electricity for communities under the RAES scheme by aligning domestic and business tariffs to the average of market offers from electricity retailers supplying to the South Australian on-grid market.	See RAES Tariff Sheets
Generation Levy	Applies to new connections and applications for increased capacity of supply. <i>Cost is a per kVA figure over a 10kVA threshold allowance.</i>	\$1,650 per kVA
Special Meter Reading	Applies if a meter reader is required to visit a property to conduct an out of cycle meter read. <i>Date stamped meter photos may be an acceptable alternative.</i>	\$100
Charge for Meter Test	Applies if a customer has requested a meter test and the meter is found not to be faulty	\$165
Disconnection of Supply and Final Meter Reading	No charge will apply for customer requested disconnections and final readings where at least 3 business days' notice has been provided to the RAES retail contractor. <i>A special meter reading fee will apply if 3 business days' notice has not been provided</i>	Nil
	Clause 27.1 of the Connection & Supply Contract allows that a supply address can be disconnected under certain conditions. A charge will apply for both the disconnection and reconnection of supply associated with the enforcement of Clause 27.1 disconnections.	\$100
Meter Replacement	Applies when damaged equipment needs replacing and the customer is shown to be responsible for the damage	Full Cost
Permanent Removal of Supply	Permanent removal of supply may include removal of an overhead service or disconnection of overhead or underground services. Listed charge will apply where the work can be conducted as part of the distribution contractor's existing schedule of works for the area. <i>Full cost of service will apply where sufficient notice has not been provided and removal is required outside of existing work schedules.</i>	\$75

Applicable from 1 November 2019

The Government of South Australia reserves the right to charge the full cost of service in situations not covered above.

RAES Tariff Sheets and the RAES Customer Connection and Supply Contract can be obtained at www.energymining.sa.gov.au/raes

Any queries regarding RAES fees and charges should be directed to Cowell Electric Supply on 1800 805 020 or cowellelectric@cowellelectric.com.au.

**REMOTE AREA ENERGY SUPPLY (RAES)
ELECTRICITY TARIFFS**

Applicable from 1 November 2019

Tariff ¹ (Prices include GST)	RAES Townships and Communities ² cents/kWh	
Residential (formerly Domestic)		
Supply Charge (cents/day)	92.76	
First 3.288 kWh per day (300 kWh per quarter)	35.46	
Next 7.671 kWh per day (700 kWh per quarter)	35.81	
All additional kWh per day	36.54	
Business (formerly General Supply)		
Supply Charge (cents/day)	108.04	
All kWh per day	37.89	
State and Commonwealth Government Agencies³		
Supply Charge (cents/day)	108.04	
All kWh per day	75.00	
Aboriginal Community Stores and Nganampa Health		
Supply Charge (cents/day)	108.04	
All kWh per day	26.50	
Demand Based Standby Connections (All Sites)⁴	Domestic	General Supply
Supply Charge (cents/day)	88.00	155.00
Monthly Peak Demand Charge ⁵	32.00 (cents/kW/day)	34.00 (cents/kVA/day)
All kWh per day	27.00	28.00

1. Tariffs are applied on the basis of average daily use. Quarterly thresholds are estimates only, based on a 91 day quarter.

2. Includes:

- Townships supplied by the RAES power stations at Blinman, Glendambo, Kingoonya, Mannahill, Marla, Marree, Nundroo, Oodnadatta and Parachilna.
- Communities and homelands supplied by the Central Power House at Umuwa and power stations at Murpatja, Pipalyatjara, Oak Valley and Yalata.
- Townships supplied by independent operators at Andamooka, Coober Pedy and Yunta.

3. State and federal government customers pay the full cost of their electricity supply and consumption. For customers in Cockburn, the government rate is equivalent to the business (general supply) reflecting that electricity is sourced from the national grid.

4. Applies to customers that install RAES approved private solar photovoltaic systems and remain connected to the RAES grid, reflecting that there is a holding cost associated with maintaining peak generation.

5. Demand charge is calculated as the peak kVA/kWh demand for the month x number of days x tariff rate.

The RAES Customer Connection and Supply Contract can be obtained at

www.energymining.sa.gov.au/raes

Any queries regarding RAES Tariffs should be directed to Cowell Electric Supply on 1800 805 020 or cowellelectric@cowellelectric.com.au.

A fact sheet regarding installation of private solar on the RAES grid is available at

www.energymining.sa.gov.au/raes.

REMOTE AREA ENERGY SUPPLY (RAES) PUBLIC LIGHTING CHARGES

Applicable from 1 November 2019

Type of Light ¹	\$/month (incl GST)
Telephone Booth Fluorescent 20 Watt	19.96
Light Emitting Diode (LED) RAES Standard LED Streetlight RAES Standard Security Floodlight	8.16 20.64

1. Standard monthly public lighting (street lights, telephone booths etc) charges for photo-electric or time switch controlled night-time only operation.

The RAES Customer Connection and Supply Contract can be obtained at

www.energymining.sa.gov.au/raes

Any queries regarding RAES Public Lighting Charges should be directed to Cowell Electric Supply on
1800 805 020 or cowellelectric@cowellelectric.com.au.
